Hi Yacouba,

You are hiring a Social Media & Brand Growth Specialist for SIBI Elite Services, but the role is really bigger than posting. It has to connect Instagram, Facebook, TikTok, LinkedIn, Google Business Profile, reviews, lead tracking, and reservations.

My view: the hard part is clearer positioning across airport, corporate, wedding, event, group, chauffeur, SUV, and Sprinter services without turning the content calendar into random activity.

The page breaks down how we would run the 90 days as a done-for-you team, including what we can know from the post and what still needs account data.
