

10 September

Hi Michelle,

Michelle, the clearest constraint in your brief is that nicebeam needs creator content for US women aged 45-60, not a younger TikTok-first influencer system.

I think the fixed setup matters more than the creator list itself. If the criteria, contracts, usage rights, codes, links, and VA instructions are weak, the same product-seeding problem can repeat.

The page lays out the system I would use to turn this into qualified leads and make the fit easy to judge.

Allen
