Hi Daniyal,

Your role asks for a long-term Meta Ads media buyer who can handle setup, audience research, paid media, and lead quality.

One thing I would clarify early: the role title points to dental marketing, while the company context supplied here points to HeyBro and Meltdown Park. Those are very different funnels, so I would not assume the same ad strategy fits both.

The page below lays out how TGE would cover the media buyer role with a small senior team and a measurable path to qualified leads.

Allen
