Hello Kobayashi Studios team,

You were clear that clicks, likes, and visits are not the win. The real target is paid intro-program purchases and qualified calls from local parents for the Two Weeks of Karate + a Uniform for \$49 offer.

I think the tracking and page order matter as much as the ads here. The page below covers the landing page structure, Google Search, Facebook and Instagram ads, account ownership, and tracking for leads, calls, and purchases.

A short plan is below the note.
